NEW - Online Lap Reservation System

Yesterday we launched an online reservation system for pool access. With current state guidelines the pool is limited to lap swimming only. The new system enables touchless, online lane reservation. If your household doesn't lap swim you can ignore this paragraph and an app invitation from "services@mail.ezfacility.com" that should've been emailed to you yesterday afternoon. If you'd like to sign up for the new system but didn't receive an invitation email [Mark](#). For details on how to use the system (and to reserve swimming times once you've signed up) please see theclubatglenmore.com/pool.
