

The rest of this email concerns junior swimming programs, but we also wanted to let everyone know we've gotten more softshells in. We're doing them crispy fried, two per order, paired with a Greek Cous Cous Salad, Sauteed Snow Peas and a Red Pepper Caper Aioli for \$28--tonight only! Look for another email with a general club update tomorrow.

2020 Glenmore Swim Academy

Registration is now open! Our 2020 Academy will look quite different from the usual JSL programming and will be instructional only. Program registration is limited to 16 swimmers per group to provide a 4:1 coach to swimmer ratio. This will help our swimmers get the maximum instruction during their time in the water and will help our staff ensure proper distancing and organization. We've also created a separate group, Elite Swim, for our year-round competitive swimmers. This group will receive special training to expand their skills and reach their potential.

Dates, Times, Ages - The Academy begins Tue 6/16 and runs through Fri 7/24, with no classes the week before July 4th. Ages 5 & 6 swim 8-8:30am and must be able to swim the length of the pool on their own to participate. There are two age 7-10 sessions, 8:30-9:15am and 9:15-10am. Ages 11+ swim from 10-11am. The Elite Swim group is age 13+ (or an invitation from Coach Noble) and meets from 7-8am.

Fee Structure - Previously the JSL charged a flat fee. With the changes necessitated by COVID-19 we'll switch to a sliding scale based on time in the water. The fee per swimmer ranges from \$100-200 for the five week program.

Lessons - If there are swimmers in your house interested in lessons, email

[Mark](#). We'll gather requests for a few days and then early next week instructors will reach out individually. Costs are \$35 per swimmer per half hour. Members of the same household may combine for group lessons where appropriate.

Special Thanks - A special thanks goes to Coach Noble. Luke and his team have worked tirelessly together to create fun, safe programming for 2020 in spite of all the changes around us. We're lucky to have him as part of our team.

Registration - The deadline to register is Mon 6/15 at 9am. Register soon as we anticipate sessions will fill up quickly. Download and complete [this form](#) then email it to [Mark](#).

Thank you all for your continued support of our efforts during this time. We appreciate the encouragement and understanding we've received under these unusual circumstances. If you have any questions, please email mark@theclubatglenmore.com.

Suggestions are always welcome at:
